

# Third Party Review

**Fauske & Associates offers qualified engineers to perform third party reviews.**

Our team of highly qualified engineers are available to assist you with third party reviews. We can quickly focus our reviews according to your needs and no job is too small. We are highly experienced in nuclear power plant engineering aspects including: thermodynamics, heat transfer, fluid flow, plant operation, walkdowns, plant drawings, isometrics, procedures, computer software inputs and fundamental engineering principles. Our engineers are dedicated to completing projects on time and within budget. We are fully dedicated to customer satisfaction

Fauske & Associates, LLC is a Westinghouse Electric company. Our Quality Assurance program, which is 10CFR50 Appendix B, ISO-9001 and TickIT certified, falls under the Westinghouse QA program. Therefore, if your organization has Westinghouse as an approved vendor for engineering support, using us for your Third Party reviews may require little or no additional work on your side. If Westinghouse is not already an approved vendor, we would be pleased to work with you to become an approved vendor.
